

Features

- Low backreflection
- High power endurance
- Precise control of attenuation range
- Easy installation

Application

- Fiber optic telecommunications
- LAN (Local Area Network)
- High speed transmissions system
- Bi-directional system

Specification

Parameter	Premium
Operating Wavelength Range	Wavelength Independence
Attenuation Value	1, 3, 5, 10, 15, 20 dB
Attenuation Accuracy	± 0.5dB
Return Loss	> 50dB
Operating Temperature	-40°C to ± 80°C

Ordering Information

Part Number	Description
LTOC-ATT-FC-01/03/05/10/15/20	Fiber Attenuator Fixed SM FC 01/03/05/10/15/20
LTOC-ATT-SC-01/03/05/10/15/20	Fiber Attenuator Fixed SM SC 01/03/05/10/15/20
LTOC-ATT-LC-01/03/05/10/15/20	Fiber Attenuator Fixed SM LC 01/03/05/10/15/20
