## ::: FTDP Fiber Distribution Panel :::

FTDP Fiber Distribution Panels are designed for terminating optical fiber in exchanges or communications room where higher density is required. FTDP features a modular system for fiber splicing and patching with flexible cable management systems. A cost effective and easy installation solutions for fiber optic management system.

::: Features :::

- Removeable front and rear door allow easy access to patch and fiber trays
- Interchangeable adapter plates accommodate various types of connectors
- Slide out design allow easy access and reduce installation time
- Flappable splice organizer trays provide easy access to splices for maintenance
- Strength member clamp provides strain relief to avoid cable pull-out

::: Specification :::

Material   : Aluminium with epoxy coating
Finish   : High quality oven baked epoxy powdered
Colour   : Beige

::: Ordering Information :::

Part Number	Description	Dimensions (HxWxD)
LTOC-FTDP-12/24SP	FTDP Splice & Patch 12/24 Core	133.4 x 431.8 x 304.8
LTOC-FTDP-48S	FTDP Splice FTDP 48 Core	133.4 x 431.8 x 304.8
LTOC-FTDP-48P	FTDP Patch FTDP 48 Core	177.8 x 431.8 x 304.8
LTOC-FTDP-72S	FTDP Splice FTDP 72 Core	133.4 x 431.8 x 304.8
LTOC-FTDP-72P	FTDP Patch FTDP 72 Core	177.8 x 431.8 x 304.8
LTOC-FTDP-96S	FTDP Splice FTDP 96 Core	177.8 x 431.8 x 304.8
LTOC-FTDP-96P	FTDP Patch FTDP 96 Core	222.2 x 431.8 x 304.8
LTOC-FTDP-144S	FTDP Splice FTDP 144 Core	266.7 x 431.8 x 304.8
LTOC-FTDP-144P	FTDP Patch FTDP 144 Core	311.1 x 431.8 x 304.8
