

::: Product Overview :::

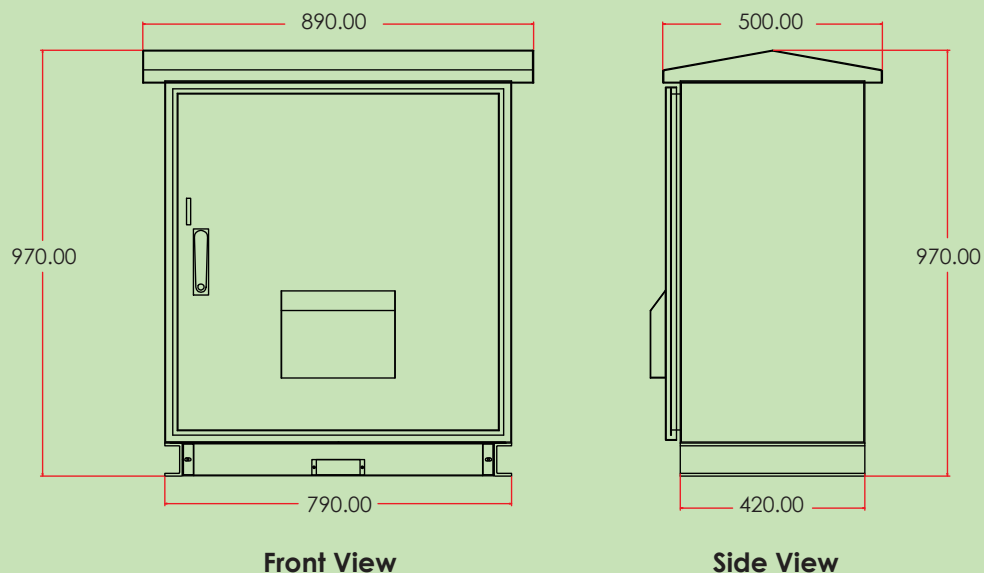

Litech manufactures wide range of outdoor cabinet for telecommunications applications, all cabinet are manufactured with CAD/CAM design and CNC technology to ensure highest precision and uniformity. All outdoor cabinets are coated with high quality oven baked powder coat for outdoor environment.

Litech CBC Battery Cabinet are designed to accomodate batteries for outdoor application telecommunications equipment. The cabinets are equipped with different design of mounting shelf for placement of batteries.

::: Advantages :::

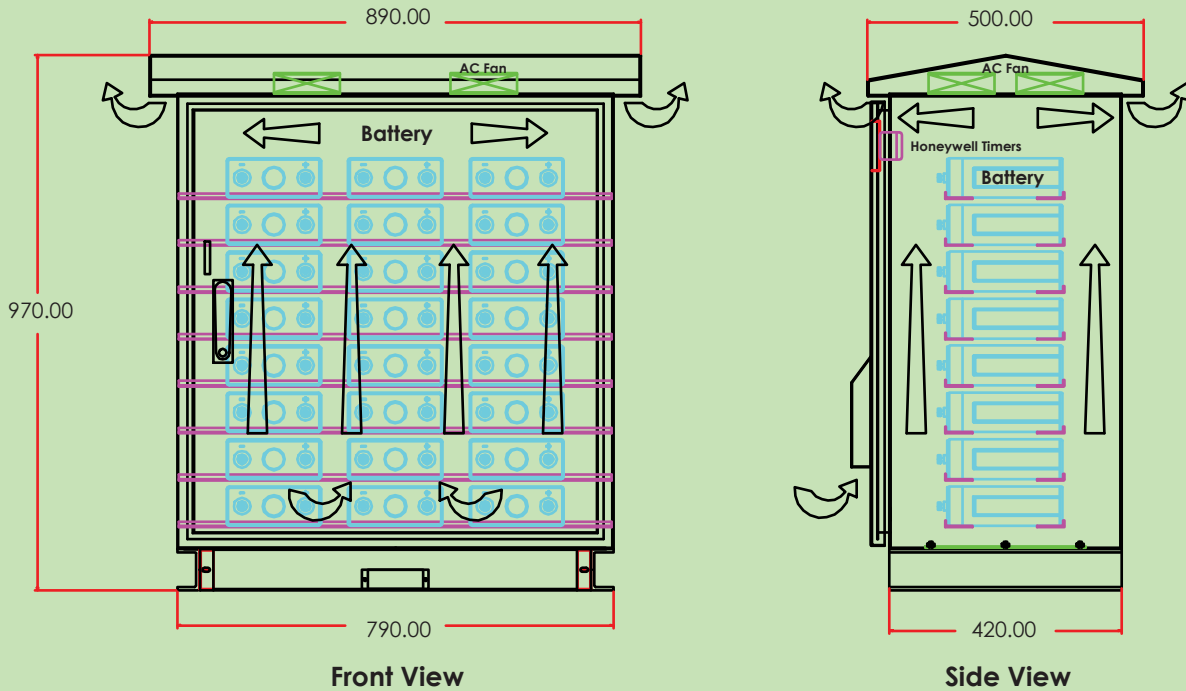

- High quality powde coated for outdoor applications
- Diagonally positioned louvers for ventilation
- AC or DC fans available with timer for more heat extraction
- IP 55 Protection Rating

::: Dimension :::

CBC BATTERY CABINET

::: Air Ventilation Diagram :::

::: Specification :::

Material	Electro-galvanized steel sheet
Thickness	1.5mm
Finishing	High quality epoxy powder coated
Application Temperature Range	-40 to +50°C
Heat Conductivity Passive (convection cooling)	10W/K - 20W/K
Protection Category	IP 55
Dimensions	Height - 970 mm Width - 890 mm Depth - 500 mm

::: Ordering Information :::

CBC - - -
